EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Jose Gutman on 19 August 2005. Applicants' representative expressly reserved the right to file a Continuation Application from the instant one. As discussed during the telephone interview, this amendment is made to avoid recitation of subject matter that is potentially non-statutory under 35 USC 101.
3. The application has been amended as follows:

Claim 15 has been amended as follows:

A tangibly embodied computer readable medium including computer instructions for a computing system, the computer instructions comprising instructions for:

- communicating with a website located across a network using a web protocol;
- receiving data from the web site;
- determining, at a location located across the network from the website, whether additional data from the web site is extractable;
- in response to determining that additional data from the web site is extractable, creating at least one synthetic hyperlink for extracting the data from the web site;

combining the at least one synthetic hyperlink with the data received from the web site to create combined data; and
sending the combined data to a crawler.

Claim 19 has been amended as follows:

A tangibly embodied computer readable medium including computer instructions for a computer system, the computer instructions comprising instructions for:
receiving a synthetic hyperlink request;
converting the synthetic hyperlink request to a method indicated by the synthetic hyperlink request to create a converted hyperlink request; and
sending the converted hyperlink request to a web site located across a network using a web protocol.

Claim 20 has been amended as follows:

A tangibly embodied computer readable medium including computer instructions for a computer system, the computer instructions comprising instructions for:
receiving a synthetic hyperlink request for extracting data from a web site;
converting the synthetic hyperlink request to a method indicated by the synthetic hyperlink request;
in response to determining that the synthetic hyperlink request indicates the use of a POST method, converting the synthetic hyperlink request from a GET method to a POST method; and

sending the converted hyperlink request to a web site located across a network using a web protocol.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Goddard whose telephone number is 571-272-4020. The examiner can normally be reached on M-F, 9 AM - 5 PM.
